WISCONSIN'S GAY HISTORY  
A PERSPECTIVE

**New Book by  
Dick Wagner  
Coming Out,  
Moving Forward**

*History of Wisconsin as a  
gay laboratory of democracy*

This new book is the second volume of Dick Wagner's work on gay history in Wisconsin. Our state has been a national leader in LGBTQ rights with pioneering legislative victories. In fact, Wisconsin became the first state in the nation to enact a gay rights bill in 1982 that banned discrimination in employment, housing and public accommodations based on sexual orientation. Later, the state Legislature legalized all sexual relations between consenting adults, including same-sex. To this day, Wisconsin is the only state to elect three out members of Congress: Steve Gunderson, Tammy Baldwin, and Mark Pocan. These state-wide accomplishments were made possible by local LGBTQ legislators, elected officials, activists, businesspeople, everyday citizens & their allies.
